4. Generative AI (Infosys Topaz) & Risk Assessment

Infosys Topaz™ Momentum: Infosys has integrated AI capabilities across 100+ client projects, leveraging its suite of 12,000+ AI assets. Enterprise clients are utilizing Topaz for autonomous code generation, customer service automation, and supply chain telemetry.

Key Operational Risks: Wage inflation in niche technical talent, potential foreign exchange volatility (USD/INR, EUR/INR), and geopolitical exposure across European accounts are identified as primary external risk factors.
